Reason for Allowance

1. Applicant's response to the last Office Action, filed October 04th, 2007 has been entered and made of record.

2. The following is an examiner's statement of reasons for allowance:

Independent claims 1, 4, and 5 are allowable over the prior art of record.

Claims 2 and 3 depend from claim 1, therefore, are allowable.

Independent claims 1, 4, and 5 recite the limitation of:

"a determiner for determining whether the tile size acquired by said acquirer can be processed using only components constituting said JPEG 2000 hardware encoder-decoder or not"

"a selector for selecting one of a first process and a second process based on a result of a decision by said determiner, the first process being a wavelet transform and inverse transform process performed using only components constituting said JPEG 2000 hardware encoder- decoder and the second process being a wavelet transform and inverse transform process performed using other components than the components constituting said JPEG 2000 hardware encoder- decoder".

The closest reference of US-PGPUB 2002/0196970 to Sano et al. discloses an image compression apparatus, and computer program. However, this reference either by itself or by combination with other references does not teaches the limitation of

selecting one of a first process and a second process based on a result of a decision by said determiner, the first process being a wavelet transform and inverse transform process performed using only components constituting said JPEG 2000 hardware encoder- decoder and the second process being a wavelet transform and inverse transform process performed using other components than the components constituting said JPEG 2000 hardware encoder- decoder.

3. In view of the amended claims and Applicant's Arguments, the rejection to claims 1-5 is expressly withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance."
